Either way DESA makes the call as to whether or not we go CLP so you gave Jeff the right instructions.

▼ Denise Zeno---04/05/2011 10:16:14 AM---I agree. those were my instructions to Jeff when he wrote his SOW for seras. -----Mel Hauptman/R2

Bob Runyon said that we should have Jeff book those samples thru the CLP program. If they have not funding available, at that time, then Jeff will send them thru SERAS, which is more costly than CLP.

Subject: Cabo Rojo samples through CLP

do you know what's the status about funding samples through the CLP samples?

this may impact our budget since we will have to use SERAS labs instead of CLP for the upcoming sampling event. This may be another issue for LaPadula's write up.

I hope we can still use the CLP labs.
